

My Dear Husband &
My Dear children,

When I have passed away I
want you all to stick to
one another and make the
home life happy & all be
good to each other as long
as Dad shall live keep his
home together. Have your
regular gatherings during the
holidays & try and think
it was all for the best
that God called me home
as I have suffered agonies
my spirit shall always
be with you all & try and
always help each other
when necessary.

Always remember to care
that I loved you all the
same as much as I could
have lived to live a few
more years I could not go
on suffering as I did and
try and think it was all
for the best. I am suffering
while I am writing this
so may God Bless you
all for your loving and
devoted Mother

May none of you ever
suffer as I have there
last 6 months
